

How to reach the Clinic

105 Cocoa Studios, Biscuit Factory, 100 Drummond Road, London SE16 4DG

TUBE

Bermondsey Station (Jubilee Line) is the closest station, exiting the station turn right on Jamaica Road then, at the second road, turn right again entering Drummond Road, keep walking south down this road until reaching Biscuit Factory complex (on your right, at the corner with Clement's road) which is now surrounded by a large construction site.

If arriving at **Canada Water Station (Jubilee Line)** or **Surrey Quays Station (Overground)** then the client needs to walk towards Lower Road, cross Southwark Park, reach Southwark Park Road, then move to the parallel road which is Drummond Road.

BUS

Take any bus to Bermondsey Station (numbers **47, 188, 381, C10, N199, N381**), then walk as above.

London Bridge Station then tube (Jubilee line) to **Bermondsey Station** (east Outbound).

TRAIN

CAR

Driving to **Southwark Park Road** then parking as below. The nearest **FREE** parking is located in the middle of Southwark Park. This parking is free for the first 4 hours.

Parking Direction

Driving in **Southwark Park Road**, find a large gate to access **Southwark Park** called **Jamaica Gate**. If driving south the gate will be on your left after the Stanley Arms Pub. If driving north the gate would be on your right hand side just after the curve. Enter the gate and park anywhere right or left. Then reach the clinic by walking through **Banyard Road** and continuing in between the building until reaching **Drummond Road**, in front of the **Pure Gym**, then follow the instructions above.

Accessibility: Lift available, the clinic is located on the 1st floor

Walking Direction

Walking in Drummond Road going south, there is a large construction site on the right side after crossing **Clement's Road**. The first building after the construction site is the **COCOA STUDIOS** (same building of Pure Gym), between the construction site and the building there is a **BLUE WOODEN WALL** (see picture above, construction site access) with a **little door** with a lock (**code: C2678Y**, turning towards the left) but usually always open during office hours. You should enter this door which will lead you to the main building access through a corridor (see pics below).

Once at the door above, **use the interphone to ring 105** and our receptionist Wendy or our therapist will open for you.

Then you need to reach the first floor, on the left hand side you can see the door to our wing.

Please ring the bell with our logo to enter the wing building where we are located.

Once you ring, someone will come to open for you and guide you to our reception.
